

**The Harvey L. Foster
Foundation for
Science Education**

**Announcing the
Harvey L. Foster Foundation for Science Education
2019 EBS Pearl River Study Scholarship**

“Providing incentives for students of all ages to develop an interest in science and to support science education at all levels.”

Dear SELU Educators,

The Harvey L. Foster Foundation for Science Education was founded in 2007 with the mission to award the ambition of our future science leaders of tomorrow with college tuition today. From grade school to grad school, the Foundation is supporting the next generation of scientists, engineers and chemists through our educational initiatives. Whether it's introducing the marvels of science and engineering to students through our career day mentoring programs, rewarding excellence in high school science fair competitions, or providing college scholarship money for students to pursue science careers, the Foundation strives to touch the lives of thousands of students community-wide every day.

The Foundation will award science scholarships for the 2018-2019 academic year. The EBS Pearl River Studies Scholarship will be a one-year scholarship in the amount of up to \$2000 for tuition, fees, books, living expenses, etc., to an eligible undergraduate or graduate student. The EBS Pearl River Studies Scholarship is specifically for students who are science or engineering majors at Southeastern Louisiana University. Recipients will be eligible to re-apply for additional years' scholarships, but are not guaranteed the scholarship beyond the 2018-2019 school year.

Selection will be made in April 2019 and the scholarship award will be sent directly to Southeastern after enrollment verification for the Fall of 2019.

If you have students whom you would like to compete for this scholarship please encourage them to apply. The complete application and all required documentation must be received by January 31, 2019. Additional information can be received by calling me at 985-264-1737, or by emailing me at cfoster@theharveylfosterfoundation.com. Microsoft Word or PDF files are found on the Foundation's website at www.theharveylfosterfoundation.com under the tab Scholarship/EBS Pearl River Scholarship.

Please help us with our mission to reward ambition with tuition. We look forward to hearing from your students today!

Regards,

Christine Foster
